

BC 210

banknote counters

The professional banknote counter with value-counting for Euro!

The **BC 210** reads the value of the Euro banknotes by the MT-code and a height check (2D).

This machine is ideally suited for banks and financial institutions. The robust construction, together with the most modern technology for the detection of counterfeit money, makes it an ideal tool for cash processing. With the **BC 210** you can simply, fast and safely count larger amounts mixed Euro banknotes and at the same time detect the notes on their authenticity.
